

Metalclad RCD Sockets

H22MP-C 2 Gang

30mA – Mechanically latched.
Metal clad complete with back box

H82MP-C 1 Gang

30mA – Mechanically latched. Metal clad complete with back box

Twin RCD Socket

H22WP-C

30mA – Mechanically latched.
White moulded front, surface or flush mountable

RCD Fused Spur Unit

H92WP-C

30mA – Mechanically latched.
Fits 25mm standard back box

RCD Safety Adaptors

J02-C

- Conforms to BS7071
- No wiring
- Fits a standard 13 amp BS1363 socket

Protected RCD Sockets & Spurs

RCD protected double sockets and fused spurs provide earth leakage protection for outdoor equipment

WN93MN-C

IP55 weatherproof 30mA RCD fused spur

WN22MP-C

IP55 weatherproof twin unswitched RCD socket

RCD Safety Plugs

J72G-C

- Compact design
- Robust construction to withstand arduous environments
- Easy to operate and test

New Powerbreaker K Range

Metalclad RCD Sockets

Moulded RCD Sockets

K RCD Switched sockets are available in single or twin outlets in white or metal clad with mechanical latching. These sockets replace standard sockets to provide added protection against electrocution in commercial, domestic and industrial environments.

K21MP-C

Single Switched RCD Socket
30mA Metal Clad

K21WP-C

Single Switched RCD Socket
30mA Moulded

K22MP-C

Twin Switched RCD Socket
30mA Metal Clad

K22WP-C

Twin Switched RCD Socket
30mA Moulded
