

110 Digital Multimeter

- Clear display with bargraph updated 4 times per second
- Min-Max-Average recording mode with min/max alert
- Autoranging frequency measurement

T5-600 Electrical Tester

- AC Voltage max 600v
- DC Voltage max 600v
- 2 Year warranty

Fluke 1652 Multifunction Tester

The future of Installation testing is here

The 1652 tester verifies the safety of electrical installations in domestic, commercial and industrial applications. It can ensure that fixed wiring is safe and correctly installed to meet the requirements of IEC 60364, HD 384 and all relevant local standards.

The unique ergonomic design, low weight, and padded neck strap to free your hands, make operating a Fluke 1652 multifunction tester a pleasure.

With easy-to operate controls a large display with exceptionally wide viewing angle, it's also comfortable and safe to use.

Performs all the essential installation tests including:

- Voltage and frequency
- Insulation resistance
- Continuity
- Loop impedance
- RCD tripping time
- RCD tripping current

Complete kit

The 1652 is supplied with

- Hard carrying case
- Mains Test Cord
- Remote control probe and lead
- 3 other test leads

321 Digital Clamp Meter

- 400A AC clamp meter
- AC current
- AC voltage
- Resistance

T100 Voltage & Continuity Tester

- Easy to use
- Automatically switches on
- 7 Different voltage indicators

1AC-II VoltAlert

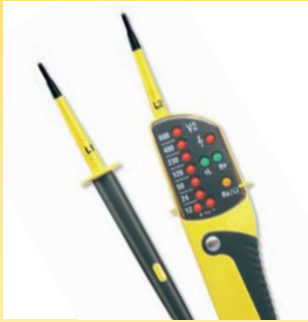

- Pocket sized
- 200 - 1000v detection
- Audible tone
- Voltbeat technology

Di-LOG ...measurably better

Voltage & Continuity Tester LED Display

MODEL 6741

- Testing of AC and DC voltage
- Automatic switching between voltage and continuity
- Optical and acoustic continuity function
- Fully compliant to GS 38

Voltage & Continuity Tester C/W LED Display

MODEL 6742

- Testing of AC and DC voltage
- Automatic switching between voltage and continuity
- Optical and acoustic continuity function
- Fully compliant to GS 38
- 3 1/2 digit LCD

Voltage Indicator

- Contact-free optical and acoustic indication of AC voltages between 12-600v
- Quick and accurate detection of cable breaks
- Phase detection in sockets
- Adjustable sensitivity

DL112

Primetest 200 PAT Tester

Combine the testing requirements needed of a PAT Tester, installation checker and a DMM and you have the Primetester.

- LCD display with analogue bargraph and backlight
- All portable appliance tests
- Battery powered
- Loop resistance indication without tripping RCD
- Voltage AC and DC

Digital Multimeter PL280

- Digital multimeter in a heavy duty housing
- 3 1/2 Digit LCD display max reading 1999 digits
- AC/DC Voltage measurement up to 500v

16th Edition Part 'P' Multi Function Tester

- Loop impedance
- 100, 250, 500v
- Prospective short circuit current
- Continuity test
- Integrated memory
- Phase rotation test

the **calibration** centre

Calibration & Repair Service

In association with The Calibration Centre, we can now offer a full calibration, repair and service to most types of electronic test equipment

Calibration

On offer is an extensive calibration portfolio giving the ability to calibrate a wide range of test equipment in house. This includes Pat Testers, 16th Edition Testers, Multimeters, Clamp Meters, Digital Thermometers and Scopes.

Documented Service

Calibration cost includes an equipment service record and recall letter.

Fast Turnaround

Standard service is a 3-4 day turnaround, just drop off the equipment at our trade counter and leave the rest to us. All equipment is mains safety tested upon arrival and cleaned prior to despatch.

Computer Automated Calibration System

Using a fully integrated software system they are able to calibrate your instrument efficiently and at the same time log its process through their laboratory from the moment it arrives to the time it is dispatched.

Calibration Reminder Letters

A free of charge reminder by fax, email or post can be sent to advise you that your instrument is almost due for calibration.

**Just give us a call for a fantastic price
Part P = Yearly Calibration**

Repair

In addition to their calibration facility, The Calibration Centre are also able to offer a repair and service facility to care for your instruments when they are faulty. Standard service is a five day turnaround on most repairs, and unlike most manufacturers they do not quote a standard repair price, they quote on the merit of each repair, and add a labour price, so if only a fuse has gone you will only be charged for a fuse.

They offer detail quotations explaining what is wrong with your instrument, not just the cost to put it right.

In addition to certificates, you will also be issued with a service log, which details the history of your instrument. Each time the instrument is returned this is updated.

VDE Set

10 piece set of Pliers and Screwdrivers
VDE Approved
Fully Insulated

Screwdriver Set

11 piece 1000v Screwdriver Set
VDE Approved
Fully Insulated

4 Piece VDE Screwdriver Set

2 x Plain Slot
2 x PZ type

Pliers-Cutters

Combination Pliers
1000v 160mm
VDE Approved, Insulated

Long Nose Pliers
1000v 160mm
VDE Approved, Fully Insulated

Diagonal Side Cutters
1000v 160mm
VDE Approved, Insulated

**High Leverage
Diagonal Side Cutters**
1000v 180mm
VDE Approved

Cable Strippers

1000v 160mm Wire Stripping Pliers
VDE Fully Insulated

Electrician Tool Kit

Contents

- mm Hexagon key set & holder 8 pc
- 450g claw hammer
- M3.5 x 0.6 rethreading tool
- 150mm plasterboard saw
- Junior hacksaw
- 180mm VDE combination pliers
- 160mm VDE side cutters
- Multi tester
- 100 x 3.0mm pozi
- 100 x 4mm & 125 x 5mm flats
- Trimming knife
- 5m tape
- 19 & 25mm flat wood bit
- Heavy duty tool bag

Screwdrivers

500w SDS+ rotary hammer drill

- Expert Quality
- 20mm drilling capacity in masonry
- Safety clutch
- Reversing facility
- Available in 110v or 240v
- Supplied complete with carrying case

57828-110V
57829-240V

CHD141V

14.4V Electronic cordless combi hammer drill

- Spindle lock for easy bit change
- Two speed gearbox
- 13mm Jacobs keyless chuck
- Electric brake
- Supplied complete with two screwdriver bits, carrying case, 14.4v 1.7Ah batteries

79193
69457 Spare battery

CHD1804VPLUS

18v Electronic cordless combi hammer drill c/w two batteries

- Expert quality
- Variable speed control
- High torque two speed aluminium gearbox
- 22 position torque control
- 13mm ROHM keyless chuck
- Overload protection
- Adjustable side handle

78946

PT1100VK

1100w 230v Hammer drill kit

- Two speed gearbox with aluminium housing
- Ergonomic design with soft grip handle
- Variable speed control
- Supplied complete with carrying case and 10 piece accessory kit

76478

AHC Adjustable hole cutter

- 30-163mm
- Useable with most variable speed rotary drills
- Supplied with pilot drill and hexagon key
- Complete with carrying case

59470

PT900K 900w 230v SDS+ Rotary hammer drill kit with rotation stop

Features:

- Hammer and rotary drill function
- Rotary stop for chiselling
- Adjustable side handle with depth rod
- Soft grip handle
- Comes complete with 17 piece accessory kit and carrying case

73397

Draper products are manufactured to international standards of quality and safety.

EBS Installation Sets

Single Set

- 1 x Circular Cutter
- 1 x Square Cutter
- 1 x Hard Material Chisel
- 1 x SDS Plus Pilot Drill

Drill a Square hole!

Premium Performance

Double Set

- 1 x Circular Cutter
- 1 x Double Square Cutter
- 1 x Hard Material Chisel
- 1 x SDS Plus Pilot Drill

Quick and Accurate

Super Set Complete Installation Set

- 1 x Circular Cutter
- 1 x Square Cutter
- 1 x Double Square Cutter
- 1 x Hard Material Chisel
- 1 x 30mm Channelling Chisel

Accessories Available

Accessory Kit

- 1 x Magnet
- 1 x Push pull ring
- 1 x Gender changer
- 1 x Round bullet
- 1 x Flat bullet

Cable Guide

Simple and Effective

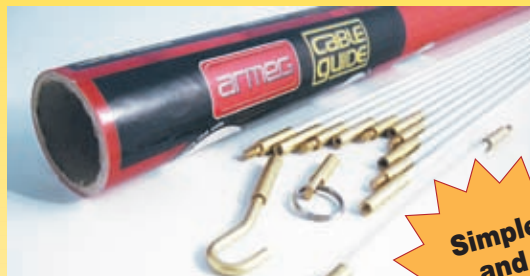

Drill easy fix access holes in solid boards in under a minute!

- Rapid cutting of 110mm access holes in solid floors
- Integrated quick lock adaptors
- No need for time consuming inter-joint sawing
- Solid removable plugs that lie flush with the floor
- Hassle-free time saving system for Electricians

SBC111 Set Complete Solid Board Cutter Set:
Including SDS plus Arbor, Hex Arbor, Cutter & 3 x Plugs

RPSBC111 Plug 5 x Replacement Plugs

Cable Guide

Cable Rods

- A quick and easy multi-functional cable-routing tool
- User can push or pull cables into place through holes as small as 8mm
- Range consists of glass fibre rods and solid brass connectors

Set consists of

- 10 x 1 metre rods
- 1 x tuff hook
- 1 x flexi head
- 1 x mini eye
